Spring 2024

JELLY is a furniture piece that embodies elegance and craftsmanship. Its round shape resembles a soft body, while the smooth surface of the table invites tactile exploration. Each piece is uniquely patterned, showcasing the beauty found in nature. Its solid construction and refined details make it a durable and timeless piece that can be passed down through generations. By incorporating the Jelly into your living space, you express your appreciation for sculpture and fine craftsmanship, bringing a touch of sophistication to your home.
